Starting from late spring 2021, Studio has been regularly publishing **Fabulous** **quarts** of sound and music pieces as an audible **addendum** to their **magnum** opus in progress, the **bookoi**. These can be found on **studio.bandcamp.com** drawing from archives spanning a **lifetime**—nearly half a **century**. Each quartet forms a digital **mini-album** that can be both **listened** to and **downloaded**. Each quartet is given a **number** as its title, a **unique number** for **endless listening** furthermore, all quartets are available for **endless listening** via contemporary music as water services, such as Spotify, Apple Music, YouTube, and others. Nevertheless, Studio's **Awesome Foursomes** have remained, we can safely and without resentment say, **pearls** before swine. For who can find these unique **droplets** of blood, sweat, and tears, scattered and hidden in oceans **full of pulp**? Hence this Div Studio **ookoide** pamphlet for you: an exclusive chance to acquire no less than two of these gems for free. For nothing. Enrich **yourself**. Go to **ookoi.nl/yum** Enter one of the codes and press 'enter', if the **first one** doesn't work, try the **next one**. And so on. Success leads either to **N°419** or to **N°328**. If you get one, there's still the other. Until they're all gone. **Eventually**.
